CORE® Phase II Pledge

The Council for Affordable Quality Healthcare (CAQH®) has created the Committee on Operating Rules for Information Exchange (CORE®). CORE’s mission is to use common business rules (the “Operating Rules”) to promote interaction of healthcare trading partners and the exchange of healthcare-related information in a consistent, clear, and standardized manner and in compliance with applicable laws and regulations. Developing consistency between trading partners, and thus promoting interoperability, would benefit the healthcare industry by improving the usefulness of healthcare information and reducing administrative costs for stakeholders involved in healthcare data exchange.

Phase II of CORE’s mission is focused on promulgating CORE Operating Rules to increase the usefulness of, and reduce the administrative challenges associated with, eligibility and benefit inquiries by giving providers access to a patient’s eligibility information at the time of service (or before) using the provider’s preferred electronic means. Subsequent phases will broaden the CORE Operating Rules to expand the CORE Operating Rules surrounding eligibility and benefit inquiries and to include additional administrative transaction types consistent with the CORE Vision. As additional CORE Operating Rules are promulgated in subsequent phases, Participant and CORE may incorporate those additional CORE Operating Rules into this Pledge by executing a separate addendum that incorporates the additional CORE Operating Rules into this Pledge.

__________ (“Participant”) hereby endorses CORE’s mission.

In furtherance of CORE’s mission, Participant pledges to adopt, implement, and comply with the CORE Operating Rules as promulgated by CORE and in effect as of the date of this Pledge, in accordance with the timeframes set forth in the CORE Operating Rules, as and to the extent applicable to Participant’s business. In addition, Participant pledges to use reasonable efforts to encourage Participant’s trading partners to use the CORE Operating Rules. Moreover, Participant will participate in the CORE Certification Program described in the CORE Operating Rules (“Certification”) to the extent applicable.

Finally, with the goal of improving the quality and utility of the CORE Operating Rules on an ongoing basis, Participant pledges to provide feedback (which may be either qualitative or quantitative) relating to the CORE Operating Rules.

By signing this Pledge, the Participant also agrees to be publicly recognized as a supporter of CORE’s mission and an endorser of the Phase II Operating Rules. CORE may use Participant’s name and logo (as provided by Participant and subject to any reasonable restrictions around use of the logo provided by the Participant to CORE in writing) solely in connection with such CORE publicity. CORE will make any materials using Participant’s name or logo available to Participant promptly after release and will respond to Participant promptly and in good faith if Participant objects to CORE’s use of Participant’s name or logo. In particular, CORE will discontinue any use of Participant’s name or logo only if Participant objects to CORE’s use of Participant’s name or logo. In particular, CORE will discontinue any use of Participant’s name or logo to the extent requested to do so by Participant in writing. Participant, at its option, may participate in the CORE Work Group responsible for designing CORE’s publicity campaign “CORE Marketing Work Group.” Participant may describe itself as an “endorser of the Phase II CORE Operating Rules” or an “endorser of CORE” as long as this Pledge is in effect.

Participant recognizes that the CORE Operating Rules have been developed by a team of representative members of the healthcare industry that have been coordinated by CORE through CAQH and the stakeholders participating in CORE, and Participant agrees that neither CAQH nor CORE (nor their respective members, representatives, and/or agents) will be held responsible for the results of using the CORE Operating Rules in Participant’s business and that neither CAQH nor CORE (or their respective members, representatives, and/or agents) shall have any liability to Participant arising from or related to the CORE Operating Rules or their use by Participant. Remedies for breach of the CORE Operating Rules are as set forth in the CORE Operating Rules; this Pledge does not create any additional remedies against Participant.

Participant recognizes that the CORE Operating Rules are being made publicly available for use by the healthcare industry in anticipation of broad industry adoption. As such, Participant acknowledges that it has no intellectual property rights in the CORE Operating Rules and that any intellectual property rights in the CORE Operating Rules are owned by CAQH on behalf of CORE.

Participant represents that its participation with CORE and this Pledge to use the CORE Operating Rules are entirely voluntary. Participant may withdraw from using the CORE Operating Rules at any time by submitting sixty (60) days written notice to CORE. In addition, CORE (including CORE as acting through CAQH) may terminate this Pledge upon written notice if Participant loses its Certification and such Certification is not reinstated within one-hundred eighty (180) days, or if Participant fails to obtain Certification within one-hundred eighty (180) days of execution of this Pledge. In the event of termination of the Pledge for any reason, Participant must immediately stop using all CORE marks, including any references to being “CORE-certified.”

Phase II CORE Pledge Addendum

This addendum to the Phase I CORE Pledge supplements the Phase I CORE Pledge (the “Pledge”) signed by CAQH and Participant, and extends Participant’s support of the Committee on Operating Rules for Information Exchange (“CORE”) to Phase II CORE. In particular, CAQH has promulgated Phase II of CORE (“CORE Phase II”) to build upon the Phase I Eligibility and Benefits (270/271) related Phase I CORE Operating Rules updated to support v5010 of the HIPAA-adopted ASC X12 Technical Report Type 3 implementation guides, and add operating rules updated to support v5010 of the ASC X12 005010X212 Health Care Claim Status Request and Response (276/277) transaction. Participant hereby extends its support of CORE in the Pledge to include support of Phase II. Subject to the extension to Phase II as set forth in this addendum, the provisions of the Pledge shall continue to apply to Phase I CORE without change.
