

Powering Healthcare with Trusted Data

For 25 years, CAQH has been the trusted data connector at the core of healthcare. We enable the industry to connect, exchange information, and streamline operations, delivering millions in savings every year.

Provider Data

The CAQH Provider Data Portal serves as the industry's front door and central repository of provider-sourced data. About **80%** of U.S. MDs, DOs, and DMDs share their data and power **4.8 million** records nationwide.

>90%

accuracy for
practice locations

100%

compliance with the
No Surprises Act (NSA)
requirements

Member Data

The CAQH Member Data Solution revolutionizes payment integrity by managing **225 million** health plan member eligibility records that represent **75%** of all covered U.S. lives.

14:1

average ROI

100%

cost avoidance for up
to 90% of overlaps

CORE & Insights

HHS designated entity that collaboratively drives billions in healthcare cost avoidance through interoperability and automation rules.

10

HIPAA-mandated
operating rules
