The healthcare industry is challenged by administrative waste and inefficiencies, resulting in a negative experience.

CAQH, a nonprofit alliance of health plans and trade associations, is a catalyst for industry collaboration that simplifies healthcare administration.

CAQH connects all the healthcare industry through current and planned initiatives:

- CORE: Phase I, Phase II and Phase III rules
- UPD: Complete, timely and accurate data
- Future administrative simplification initiatives

CAQH would like to hear from you:

- How CAQH empowers you?
- How can we drive widespread adoption?
- What administrative simplification obstacles do you face?
