**Phase V CAQH CORE HIPAA Attestation v5.0.0**  
**March 2019**

[\_\_\_\_\_] (“Entity”), in consideration of the Committee on Operating Rules for Information Exchange (“CORE”) deeming Entity eligible to apply to participate in the CORE Certification Program, hereby submits this attestation to compliance with applicable provisions of the Administrative Simplification provisions of the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”) as amended by the Health Information Technology for Economic and Clinical Health Act (“HITECH”) (enacted as part of the American Recovery and Reinvestment Act of 2009) and the Affordable Care Act (“ACA”) (Public Law Nos. 111-148 and 111-152, enacted in March 2010) and the standards, operating rules and related regulations and guidance promulgated thereunder (referred to collectively, hereinafter, as “the HIPAA requirements”), as may be amended from time to time.

Entity recognizes that CAQH CORE does not certify for all aspects of the HIPAA requirements or define “HIPAA Compliance.” Entity will not rely on CAQH CORE for these determinations but will look to the Federal government for its various requirements.

With this attestation, the Entity hereby represents and warrants the following:

- (a) it is, and shall remain, to the best of its knowledge, compliant with standards, operating rules and related regulations promulgated by the Secretary of the U.S. Department of Health and Human Services (the “Secretary”) under HIPAA that govern referral certification and authorization, including, as applicable, the standards, operating rules and related regulations adopted under Parts 160 and 162 of Title 45 of the Code of Federal Regulations, as may be amended from time to time;
- (b) it can send and receive, as applicable, or, in the case of a software vendor, support the X12/005010X217 Health Care Services Review – Request for Review and Response (278) as specified in §162.1602 of 45 CFR or the current version of such standards, as may be updated or amended from time to time (the “Transactions”);
- (c) it is, and shall remain, to the best of its knowledge, compliant with applicable provisions of the HIPAA Privacy and Security requirements of Parts 160 and 164 of Title 45 of the Code of Federal Regulations, as may be amended from time to time.

Entity acknowledges that CAQH CORE will rely on this attestation and that any omissions, misrepresentations or inaccuracies may be a basis for CAQH CORE to deny or revoke CORE Certification.

Entity understands that a loss of compliance with the standards set forth above, or in the case of a software vendor, the ability to support the transactions, may affect CORE Certification.
