CHAPTER 1: Introduction

The purpose of this document is to guide you as a provider through the process of entering your profile information free of charge into CAQH ProView™ to meet a variety of data needs of health plans, hospitals and other healthcare organizations. It also defines the steps to authorize, attest and maintain your data profile through the re-attestation process.

CAQH ProView Overview
CAQH ProView is the healthcare industry’s premier resource for providers to self-report professional and practice information to payers, hospitals, large provider groups and health systems. CAQH ProView eliminates duplicative paperwork for these organizations that may require provider profile information for claims administration, credentialing, directory services, and more.

Through an intuitive, profile-based design, you can easily enter and maintain your information for submission to your selected organizations. CAQH ProView can be accessed at https://proview.caqh.org/pr.

The following steps provide you with a high-level overview of the process to complete your data profile.

1. Register with the system.
2. Complete all application questions.
3. Review your data profile for accuracy.
4. Authorize participating organizations access to your data profile.
5. Attest to your data profile.
6. Upload your supporting documentation.

This document will provide additional information and helpful tips for each of these steps.

Getting Started
Completing the initial CAQH ProView profile may take up to two hours; however, preparing yourself for the information requested will reduce the time required to complete your profile. Additional time may be required depending upon several factors, including the number of practice locations, amount of postgraduate training and work history, and overall familiarity with online tools and systems.

While CAQH ProView was designed to be compatible with most Internet browsers, we recommend upgrading to the most current version of Internet Explorer, Chrome or Safari, and using one of these browsers for the best performance.

If your practice has an office manager or clinic administrator who assists with gathering information for credentialing or other administrative purposes for multiple providers, the CAQH
ProView Practice Manager Module may facilitate your data entry process. Data that is the same for multiple providers (e.g., clinic name, address and phone number) can be entered once by a practice manager, rather than having to be entered repeatedly for each individual provider. Please refer to Chapter 7: Importing Data from the Practice Manager Module for more information regarding this functionality.

**System Security**

The confidentiality and security of provider information and the privacy of system users are critical priorities for CAQH. CAQH has implemented information security policies, standards, guidelines, processes, procedures, and best practices to strengthen its security program and to protect its information assets. CAQH ProView is designed to be compliant with laws and regulations relating to the privacy of individually identifiable information.

The CAQH ProView solution is housed in secure datacenters where multiple physical and electronic safeguards are implemented. Secure Internet access to application screens, use of passwords and certificates are used to help ensure only authorized use of the system. Powerful Transport Layer Security (TLS) encrypts the data in transition; the database content is also encrypted at rest and in backup to prevent unauthorized access to CAQH ProView. Only authenticated users have access to their restricted data. Virus detection mechanisms are used to help ensure that the database and the websites are free of viruses. Routine encrypted back-ups protect volatile system data and are secured in an off-site storage facility.
CHAPTER 2: Registration

Registration is required for all providers to obtain access to CAQH ProView.

New Users
If you received an introductory email from CAQH ProView, select the link contained in the email to begin the registration process using the CAQH ID provided. Refer to “Creating a CAQH ProView Account” on page 6 of this guide for the next steps in the process.

Existing UPD Providers
For providers who were previously registered with the CAQH Universal Provider datasource (UPD), go to CAQH ProView at https://proview.caqh.org/pr (see Figure 01). You can initially sign-in with CAQH ProView by entering your existing UPD username and password and clicking “Sign in”. You may be prompted to update your username and password at this time. Refer to “Creating a CAQH ProView Username and Password” on page 7 of this guide for the next steps in the process.

FIGURE 01
**Self-Registration**
If you have not received a Welcome Letter or were not previously registered with the UPD, you may begin the self-registration process by accessing CAQH ProView at [https://proview.caqh.org/pr](https://proview.caqh.org/pr) (see Figure 01 above) and clicking on “Register”. The “Getting Started” page (see Figure 02) will display and will provide you with additional tips on how to get started. Click on “Go to Next Section” to continue with the registration process.

![FIGURE 02](image-url)
To establish a CAQH ProView account, you will be required to enter a name, provider type, primary practice state, birthdate, email address, and at least one personal identification number (see Figure 03). You will then receive an email with your CAQH Provider ID and a link to complete your provider registration.
Creating a CAQH ProView Account

New CAQH ProView users who either self-register with the system or who are added to the system by an organization, will receive an email from CAQH ProView containing a CAQH Provider ID and a link to create a CAQH ProView account.

Upon selecting the link from the email you received, you will be directed to the page shown below (see Figure 04). Enter your CAQH Provider ID and select “Continue”.

At the next screen (see Figure 05), enter your personal identification number(s) to proceed with creating your ProView account. Select “Continue” to proceed.
Creating a CAQH ProView Username and Password
CAQH ProView users may be asked to create a new username and password to meet CAQH ProView requirements (see Figure 06). Usernames in CAQH ProView must consist of 8 characters and can be any combination of numbers and/or letters. Special characters like # or @ are not allowed.

CAQH ProView users will also be asked security questions to facilitate account access in case of a forgotten username and/or password. Select three security questions and provide unique answers for each (see Figure 07). By checking “I Agree” at the bottom of the page, you adhere to the terms and conditions, which can be accessed by selecting the “See Terms and Conditions” hyperlink. Then select “Create Account”.

FIGURE 06

Establish Your CAQH ProView Account
To set up your CAQH ProView account, please enter a username, password, and answer the security questions below.

See Terms and Conditions
I Agree
Create Account
Click “Create Account” and you will receive confirmation that your CAQH ProView registration was successful (see Figure 08).

**FIGURE 08**

Forgotten Username and/or Password
If you forgot your Username, you may select the “Forgot Username” link on the CAQH ProView sign-in page (see Figure 01). Enter your CAQH Provider ID to receive your username in an email (see Figure 09). The email will be sent to the email address listed as the primary method of contact.

**FIGURE 09**

If you forgot your Password, you may select the “Forgot Password” link on the CAQH ProView sign-in page (see Figure 01). Enter your username to reset your password (see Figure 10). An email with a link will be sent to you to reset your password. The email will be sent to the email address listed as the primary method of contact.

**FIGURE 10**
Once you select the link in the email sent to you, enter and verify your new password, then select “Reset Password” (see Figure 11).

The Password Change confirmation (see Figure 12) will appear when your password has been successfully reset. You can then log into CAQH ProView using your new password.
CHAPTER 3: Home Page

You will see the CAQH ProView Home page (see Figure 13) after a successful login.

**NEW:** A new Broadcast Message feature has been added to the CAQH ProView Provider, Practice Manager, and Participating Organization portal. Broadcast Messaging will allow CAQH to communicate upcoming system updates and/or to report system-wide issues to all users.

Whenever there is a published broadcast message, a pop-up message will appear on your screen when you log in to your CAQH ProView account.
If you click the ‘X’ located at the top, the pop-up message will close but will re-appear upon your next log-in.

If you click the Dismiss button, the pop-up message will close and will NOT appear with future log-ins. If you clicked the Dismiss button and would like to view the broadcast message again, click on the CAQH ProView Provider Update link found above your name.

**Note:** The link to the CAQH ProView Status Updates will be found in the pop-up message.
Tip:
- If you need assistance on the Home Page, you can access the “Help” link that is displayed in the top right hand corner on the Home Page.

The Home page displays five components:

1. **Profile Summary**
   - Provides a summary of your key profile information, such as your CAQH Provider ID, any outstanding required fixes that need to be made to your data profile, and your primary practice state. You can also easily access a “Change Password” button here to change your password if necessary.

2. **Message Center**
   - Displays information relevant to your account, information from CAQH and actions required. This also displays any notifications from CAQH regarding missing or expired documents.

3. **Supporting Documents**
   - Provides links to any supporting documents that have been uploaded to your profile.
   - Displays the approval status of your supporting documents.
   - If you have questions on uploading your documentation, refer to *Chapter 6: Uploading Supporting Documentation*.

4. **Attestation History**
   - Provides a record of your attestation history.
   - Attestation is the term used to show you certify that you have carefully reviewed all information contained within your CAQH data profile and that all information provided by you is true, correct and complete to the best of your knowledge. You also acknowledge that your CAQH data profile will not be considered complete until supporting documentation and signed Authorization, Attestation and Release Form are submitted.

5. **Available Imports.**
   - Displays any sections containing data available for import into your data profile. With CAQH ProView, practice managers have the capability to enter information on your behalf and then export that information for your access and to ease your data entry requirements. You will have the option to import any available data as a new set or replace an existing set of data within the section. You also have the ability to compare your existing data to the data entered by a practice manager before you choose to import the data.

In addition, to these components, across the top of the home page is a navigation menu, which allows you to navigate to four sections to complete your profile information (see Figure 16):
- **Profile Data** – Click here to enter your profile information (See Chapter 4)
- **Documents** – Click here to review your supporting documents (See Chapter 6)
• **Review** – Click here to review the information you have entered and correct any required errors (See Chapter 5)
• **Attest** – Click here to attest to the accuracy of your information (See Chapter 8)

**FIGURE 16**

**Status Bar**

A status bar is also available at the top of the screen (see Figure 17). The status bar will help you know what actions need to be taken on your profile in order for your authorized organizations to receive your up-to-date information.

The Status Bar shows three elements (see Figure 17):

• Provider Status with ‘as of’ date
• Profile Data: Complete/Incomplete
  - The status ‘Complete’ is displayed if you have successfully completed all required fields in the sections listed on the left hand side navigation.
• Documents: Complete/Incomplete
  - The status ‘Complete’ is displayed if ALL the required supporting documents have been provided and are current according to requirement rules.

**FIGURE 17**

**Attest Reminder Bar**

• After you update any information in your profile, you must complete attestation so that your authorized organizations can view your updated profile.
• A reminder message will appear across the top of the page on every page only after you have changed one or more piece of data and have not attested to that change (see Figure 18)
• This message will disappear only after you have attested but would re-appear if you changed more data and did not re-attest.
- This message will also appear if CAQH has updated a relevant domain table value.

**FIGURE 18**

Attest Button in Navigation Bar

- The ‘Attest’ navigational element is now moved to the far right position (see Figure 19).
- If you have never attested or have previously attested and have unattested data, the ‘Attest’ navigational element will show as a red button.
- The ‘Attest’ navigational element will also show as a red button when you are NOT in the following status:
  - Initial Profile Complete
  - Re-attestation

**FIGURE 19**
Activity Log
From the Home Page you can access the “Activity Log” from the top right navigation drop-down menu (see Figure 20).

The Activity Log lists all recent activity that has occurred in your account, including recent log-ins, re-attestations, and data updates (See Figure 21).
Note:

- All changes on the profile will ONLY appear on the Activity Log after you have completed the re-attestation.

- Any changes done after the re-attestation will not be reflected on the Activity Log unless you complete the re-attestation again after making the additional changes.

- If after the re-attestation these changes are still not reflected on the Activity Log, sign out from CAQH ProView and log in again and go to Activity Log. The details of the changes should appear on this page of your profile.

- Changes on the Documents section and Authorization page will reflect on the Activity Log even if you have not yet re-attested.
CHAPTER 4: Completing Your Profile Information

CAQH ProView will guide you through the process of completing your information and managing your profile data and supporting documentation. From the Home Page, click on “Profile Data” on the top navigation bar to begin the process (see Figure 22).

Tips:
1. Throughout the system, required fields are indicated with a red asterisk (*).
2. If you need assistance, you can access the “?” link that is displayed on the right hand side of the screens.
3. Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
4. It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.

FIGURE 22
Clicking on “Profile Data” shows a drop down list of 12 Sections: Personal Information, Professional IDs, Education, Professional Training, Specialties, Practice Locations, Hospital Affiliations, Credential Contacts, Professional Liability Insurance, Employment Information, Professional References, and Disclosure. They are described in further detail below. Questions presented to you may vary based on your primary practice state.

**Personal Information**

The Personal Information section (see Figure 23) requests basic information such as name, phone numbers, and contact information. Some information on this screen may be pre-populated based on the information you entered during the self-registration process. Additional information or tips are provided below as applicable to assist you with completing these fields.

**Tips:**

1. If you need assistance, you can access the “?” link that is displayed on the right hand side of the screens.
2. Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
3. It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.
Provider Type, Practice Setting and Practice State
- You will first be asked to identify your provider type, practice setting and practice states. The answers to these questions will drive the questions presented to you throughout CAQH ProView’s profile sections. If you practice in multiple states and one of those states includes a state specific credentialing application, the state specific questions and the CAQH ProView standardized questions will be presented to you in one integrated flow throughout the system. You will be required to complete all required questions for both the CAQH ProView standardized profile questions as well as any state specific questions.

Home Address
- Not required to complete your application; however, hospitals have identified that this information adds value in confirming your accessibility to the hospital.

Mailing Address
- Enter the "Mailing Address" of the physical location of your practice. If you do not have a physical practice location, you may enter a P.O. Box; however, it is important to note that health plans intend to use this information for their directories. If you would like to enter a P.O. Box for the billing address, please enter this information in the Billing Contact section.

Primary Method of Contact
- An email is required as a primary method of contact for CAQH ProView. This email will be used for all system generated messages, such as reminders when it is time to re-attest to your data profile.
- You also can enter two additional email addresses (PMOC CC1 and PMOC CC2) that will be copied on the system generated messages.

Personal Identification Numbers
- Your Social Security Number is required to complete the application.
- NPI – National Provider Identification Number
  - This is a provider’s Type 1 National Provider Identifier. It is a unique, 10-digit identification number issued to health care providers by the Centers for Medicare and Medicaid Services (CMS).
**Note:** All Type 1 NPIs will undergo a one-time validation. Validation failures will be displayed as a required fix.

**FIGURE 24**

![REQUIRED FIXES](image)

You may see the following errors on the Required Fixes page:

- **This number could not be found in the NPI database.** – This means that the Type 1 NPI that you have entered is an invalid one. Please review for any possible typo error.
- **This is not an Individual NPI.** – You may have entered a Group NPI on the Individual NPI field. Please review the value that you have entered on the Individual NPI field.
- **This number does not match the name you provided in ProView, \{ProView First Name\} \{ProView Last Name\}.** – Please review the Individual NPI that you have entered. There might be a typo error that has caused the mismatch.

**New!**

For Providers whose Provider Type is either MD, DO, NP, or DMD with Inpatient/Outpatient or Outpatient Only as the Practice Setting, the Primary Practice State and each of the other Practice States (in case of multi-state Providers) should have a matching value populated for the State field in the General information section for any active Practice Location (where you answered Yes to the question: Do you practice at this location?). There will be an error for each Practice State that does not match an active Practice Location.
On the screenshot above, the practice state on the account is Colorado but there is no active practice location in Colorado listed in the profile. The Provider is required to either add an active practice location in Colorado or remove Colorado as a primary practice state, whichever is applicable.

- The *Update Practice States* hyperlink in the error links to the Personal Information Page. Once the user has clicked the hyperlink, the following error is displayed on the top of the Personal Information Page, in red text:

  You have selected {Primary Practice State or Practice State} as a practice state but you have not indicated that you practice at a location in {Primary Practice State or Practice State}. Please add a practice location in {Primary Practice State or Practice State} or remove {Primary Practice State or Practice State} as a practice state.
• If you add a practice location to match the Practice State, and click "Save and Continue", you will be redirected to the Correct Errors Page and will no longer see the error.
• The Ignore hyperlink in the error links to the Ignore pop-up that already exists for Address Standardization. The pop-up should have the same functionality, i.e., if the user clicks the "Yes" button, the error is removed from the Correct Errors Page.
• You are required to either fix the error or click Ignore and then click "Yes" in the pop-up so that the error disappears on the Correct Errors Page, and you will be able to attest.

Professional IDs

The Professional ID section (see Figure 27) requests that you enter all professional identification numbers and upload any applicable supporting documentation. If you have questions on uploading your documentation, refer to Chapter 6: Uploading Supporting Documentation.

Tips:
• If you need assistance, you can access the “?” link that is displayed on the right hand side of the screens.
• Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
• It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.
• Select “Add” to enter additional medical licenses or other professional identification numbers.
• If the “Import” button is active, information already entered by a practice manager is available for you to view and import if you choose to do so.

FIGURE 27
A warning message will be displayed advising you that previously entered data will be permanently removed from the system when you change the answer to a leading question (see Figure 28).

A leading question is one that triggers different follow-on questions/responses depending on the response provided.

When the answer to a leading question is changed, follow-on questions may disappear from the portal.
  - For instance, if you previously answered 'Yes' to the question 'Do you have a DEA certificate?' and now changed it to 'No', the data from the DEA Number, State, Issue date, and Expiration Date are removed.

Ensure no critical information will be deleted prior to selecting ‘Yes’ and saving the changes on this page. Otherwise, you will have to re-enter deleted information.

The same rule applies to fields on the Professional IDs section such as CDS registration certificate, Medicare and Medicaid information, Educational Commission for Foreign Medical Graduates (ECFMG) number, FLEX number, and DPS certification.

The following professional identification numbers are requested.

- **Medical License**
  - You must enter all state medical licenses you currently hold or have held as issued by a U.S. or Canadian licensing authority.
- **DEA Registration – Drug Enforcement Administration**
- **CDS Registration – Controlled Dangerous Substance**
- **Medicare**
- **Medicaid**
- **ECFMG**
  - This is a certificate issued by the Education Commission for Foreign Medical Graduates, and applies to US Citizens who graduated from a Medical School outside the United States.
- **USMLE – United Stated Medical Learning Examination**
  - The United States Medical Learning Examination is a physician assessment required for physician licensing in the United States.
Education

The Education section (see Figure 29) requests information regarding your education history, including your professional and undergraduate school information.

Tips:

- If you need assistance, you can access the “?” link that is displayed on the right hand side of the screens.
- Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
- It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.
- Click on “Add” to add additional education as necessary.
- If the “Import” button is active, information already entered by a practice manager is available for you to view and import if you choose to do so.
A warning message will be displayed advising you that previously entered data will be permanently removed from the system when you change the answer to a leading question (see Figure 30).

A leading question is one that triggers different follow-on questions/responses depending on the response provided.

When the answer to a leading question is changed, follow-on questions may disappear from the portal or if you change the selection from one value to another, all education values are deleted. Therefore, ensure no critical information will be deleted prior to selecting ‘Yes’ and saving the changes on this page. Otherwise, you will have to re-enter deleted information.

**FIGURE 30**

**Professional Training**

The Professional Training section (see Figure 31) requests information regarding your professional training, such as your internship and residency information.

**Tips:**

- If you need assistance, you can access the “?” link that is displayed on the right hand side of the screens.
- Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
- It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.
- Click on “Add” to add additional training as necessary.
- If the “Import” button is active, information already entered by a practice manager is available for you to view and import if you choose to do so.
The Professional Training subsections are listed below:

- Internship
  - Include any incomplete internship programs.

- Residency
  - Include any incomplete residency programs.
  - If your training program was Rotating or Transitional, please enter a separate entry for each rotation. For credentialing, the health plans need to know the specifics of each rotation including the specialty or department and the time associated with each.

- Fellowship
  - The period of medical training in the United States and Canada that a physician or dentist may undertake after completing a specialty training program (residency)

- Faculty Positions/Academic Appointments
Specialties
The Specialties section (see Figure 32) requests information regarding your specialties and certification information.

Tips:
- If you need assistance, you can access the “?” link that is displayed on the right hand side of the screens.
- Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
- It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.
- Click on “Add” to add additional specialties as necessary.
- If the “Import” button is active, information already entered by a practice manager is available for you to view and import if you choose to do so.

FIGURE 32
You are now asked to respond to this question: *Does your board certification have an expiration date?* (see Figure 33)

If you responded with a Yes, the Expiration Date field and the last Recertification date fields will be required. (see Figure 34)
The specialties that are included in the drop-down list are collected from the National Uniform Claim Committee (www.nucc.org). If you cannot locate your specialty in this list, select the specialty that is most appropriate for your practice. If your specialty is not listed, you may enter it in the “Areas of Other Interest”, which is towards the bottom of the “Specialty” page.

The subsections are listed below and may vary based on your practice state.

- Primary Specialty
- Secondary Specialty
- Additional Specialty
- Board Examination – dynamically displayed/hidden based on your entries
- Certifications – The system will ask if you have received any of the following certifications. Additional information regarding each certification is provided below for your reference.
  - **CPR - Cardio-Pulmonary Resuscitation certification:** Community level classes concentrate on performing CPR on adults and older children. Some also include AED training, which teaches how to use the electronic defibrillation unit on heart attack victims. Professional level classes are designed for health care professionals, ski patrol, police, firefighters and emergency medical technicians. These classes teach all of the skills previously mentioned, as well as removal of airway obstructions for victims of all ages. Other skills are also included in these classes, including inserting tubes to keep the airway open, using an oxygen tank, artificial breathing apparatuses and techniques for performing two-person CPR.
  - **BLS - Basic Life Support Certification:** Basic Life Support (BLS) certification is a relatively short training course required of many health professionals to help revive, resuscitate, or sustain a person who is experiencing cardiac arrest or respiratory failure of some sort. This could include a drowning victim, heart attack or stroke patient, or any scenario where breathing or heartbeats have been compromised.
  - **ACLS - Advanced Cardiovascular Life Support Certification:** ACLS is an acronym for Advanced Cardiovascular Life Support. This certification is required of many healthcare providers who will be interacting with patients. Like its name implies, ACLS is usually required of more advanced medical professionals, as it does include some invasive procedures, unlike Basic Life Support (BLS), which is required of almost all healthcare professionals.
  - **ALSO - Advanced Life Support in OB Certification:** Advanced Life Support in Obstetrics (ALSO®) is an evidence-based multidisciplinary training program that prepares maternity health care providers to better manage obstetric emergencies when and wherever they occur. ALSO’s evidence-based learning path bridges knowledge gaps and boosts skill sets using a team-based approach, hands-on training, and mnemonics to reduce errors and save lives.
Health Care Provider (CoreC)

- **ATLS - Advanced Trauma Life Support Certification:** Advanced Trauma Life Support (ATLS) is a training program for medical providers (MD/DO/DPM/PA/NP/CO) in the management of acute trauma cases, developed by the American College of Surgeons. Similar programs exist for nurses (ATCN) and paramedics (PHTLS). The program has been adopted worldwide in over 60 countries, sometimes under the name of Early Management of Severe Trauma (EMST), especially outside North America. Its goal is to teach a simplified and standardized approach to trauma patients. Originally designed for emergency situations where only one doctor and one nurse are present, ATLS is now widely accepted as the standard of care for initial assessment and treatment in trauma centers. The premise of the ATLS program is to treat the greatest threat to life first. It also advocates that the lack of a definitive diagnosis and a detailed history should not slow the application of indicated treatment for life-threatening injury, with the most time-critical interventions performed early.

- **NRP – Neonatal Resuscitation Program certification:** NRP was developed and is maintained by the American Academy of Pediatrics. This program focuses on basic resuscitation skills for newly born infants.

- **NALS - Neonatal Advanced Life Support certification:** NALS training, administered by the American Academy of Physician Assistants, delivers the same syllabus as NRP, has similar flexibility in its format, and equips trainees with identical knowledge and skills.

- **PALS - Pediatric Advanced Life Support Certification:** The PALS Course is for healthcare providers who respond to emergencies in infants and children. These include personnel in emergency response, emergency medicine, intensive care and critical care units such as physicians, nurses, paramedics and others who need a PALS course completion card for job or other requirements.

- **Anesthesia Permit**

  - Other Interests
  - Professional Associations: A professional association or professional society is usually an organization seeking to further a particular profession and the interests of individuals engaged in that profession. This is the section where you specify which Medical Professional Associations and Societies you are affiliated to. You can add more than one association to the list.
Practice Location
The Practice Location section (see Figure 35) asks for detailed information regarding your practice location(s).

A Practice Location summary table will be displayed on the Practice Locations start page.
- The table contains the following column headers:
  - Physician Group/Practice Name
  - Tax ID – All Tax IDs associated with the practice location will be displayed with a line break.
  - Location – displays the general address and phone number for the practice location; Address 1 and Address 2, City, State ZIP, Phone
  - Actions – Edit, Copy, Delete

![FIGURE 35](image-url)
You will be able to filter the practice location list based on your answer to the question: "Do you practice at this location?"

- When filtering, if you click “Yes”, only the practice locations where you have answered Yes to “Do you practice at this location?” will be displayed.
- If you click “No”, only the practice locations where you have answered No to “Do you practice at this location?” will appear on the page.
- If you click “All”, all practice location records will be displayed regardless of your answer to "Do you practice at this location?"
- By default, the “All” filter is enabled.
- Other practice locations, not identified as Primary Practice, will be sorted in alphabetical order by Physician Group/Practice Name.

FIGURE 36

PRACTICE LOCATIONS

Please add practice location information for each practice at which you currently, or will in the near future, see patients, fill in for other providers, read tests, or provide other services. If you do not practice at a location that appears in the list, please click Edit to update your status.

Make sure to enter all group/practice information in the Employment Information section of your profile.

![Image of Practice Locations Table](image-url)
New Required Fields:

- The question “Currently practicing in this location?” has been updated to “Do you practice at this location?”
- This question should be required for ALL Inpatient/Outpatient or Outpatient Only Providers who practice in any of the states.
- If your answer is either a Yes or a No to “Do you practice at this location?”, options will be displayed in a single select dropdown list.

You should enter a Yes answer if there is a chance that you will submit a claim for this practice. Whether you work at this practice every day, once a week, once a month, just to cover as needed, or to read tests or provide other services, a Yes answer accurately answers the question.

You should answer No to this question if you do not practice at this location and would never (or no longer) submit claims for services rendered at this location. This option is generally used to update existing practice locations. The absence of a practice location is difficult for a health plan to understand so rather than delete a location at which you no longer practice, you should enter a No answer to “Do you practice at this location?”.

**FIGURE 40**

*Do you practice at this location?*
Select Yes if you currently practice at this location or will be practicing there in the near future.

- Yes
- No

*Please describe your affiliation with this location.*

I see patients here at least one day per month, but less than one day per week on a regular basis.

---

I cover or fill-in for colleagues within the same medical group on an as needed basis.
I read tests or provide other services but I do not see patients at this location.
I see patients here at least one day per month, but less than one day per week on a regular basis.
I see patients here at least one day per week on a regular basis.
Other

Country
United States
a. If you click Yes, a dropdown list with the following options will appear:

- I see patients here at least one day per week on a regular basis.
- I see patients here at least one day per month, but less than one day per week on a regular basis.
- I cover or fill-in for colleagues within the same medical group on an as needed basis.
- I read tests or provide other services but I do not see patients at this location.
- I have not answered this question.
- Other.

If you choose Other, a free form text box will appear for “Please explain” will be displayed.

**Which value to choose from the options?**

**Option 1: I see patients here at least one day per week on a regular basis.**

This option would be appropriate when:

- this is your primary practice;
- a patient can make an appointment to see you at this location;
- you practice regularly at this location; or
- you have been hired at this location and have a start date in the near future.

**Option 2: I see patients here at least one day per month, but less than one day per week on a regular basis.**

This option would be appropriate when:

- you work at this location on a seasonal or monthly basis;
- you have a regular routine where you see patients at this location infrequently but on a schedule; or
- you do not consider this your primary practice but you routinely see patients at this location and patients can even make an appointment.

**Option 3: I cover or fill-in for colleagues within the same medical group on an as needed basis.**

This option would be appropriate when:

- you see patients at this location on an on-call basis;
- you are part of a larger practice and usually practice at another location but might need to fill-in for a provider at this one; or
- you serve in an urgent care capacity within a practice where you do not take appointments at the location, but you deliver care.
Option 4: *I read tests or provide other services but I do not see patients at this location.*

This option would be appropriate when:
- you perform administrative tasks at this location but do not see patients; or
- you read tests for patients at this location but do not see patients.

Option 5: *Other*

This option would be appropriate when:
- your affiliation with the location is none of the values available.

**Note:** If you choose Other, a free form text box will appear to which you will be required to enter an explanation. If you are going to use this option, please make sure that a detailed explanation is entered. This information will be used to adjust our dropdown list values in the future.

b. If you select No to question “Do you practice at this location?”, the following options will be displayed:
- I no longer practice at this location.
- I do not practice here, but the location is within the medical group with which I am employed.
- I never practiced here and have no affiliation with this location.

**Which value to choose from the options?**

**Option 1: *I no longer practice at this location.***

This option would be appropriate when:
- you left the practice all together and no longer practice at any locations affiliated with the practice; or
- you are still employed with the practice but have switched to a different location and will no longer submit claims for services rendered at this location.

**Note:** If you choose "I no longer practice at this location." a new date selector field "End date" will appear.
- The field format should be MM/YYYY in the portal.
- The date entered on the "End Date" field must occur after the date entered in the field "Provider’s Start Date".
- You should remember to update the Employment Information section of your profile with this information.
Option 2: *I do not practice here, but the location is within the medical group with which I am employed.*

This option would be appropriate when:
- You are employed by a large group and the practice manager for the group lists this location for you even though you would never submit claims to this location.

Option 3: *I never practiced here and have no affiliation with this location.*

This option would be appropriate when:
- The practice location was entered by mistake.

c. When adding a new practice location, the question "*Do you practice at this location?*" will default to Yes and display the Select drop down value.
Tips:
- If you need assistance, you can access the “?” link that is displayed on the right hand side of the screens.
- Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
- It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.
- Select “Add” to enter information for a practice location.
- Select “Edit” to edit the information within a practice location.
- Select “Copy” to create a duplicate of a practice location and its related information.
- Select “Delete” to remove a practice location from your application. Please note that by selecting “Delete”, all information entered for that practice location will be deleted.
- If the “Import” button is active, information already entered by a practice manager is available for you to view and import if you choose to do so.
- A new leading question has been added on the Practice Location section of your CAQH application. You are now required to answer “Do you have an organization (Type 2) NPI?” Please note that Type 2 NPI is different from Type 1 NPI. Type 1 NPI is your individual NPI and is required on the Personal Information section, while Type 2 is the organization NPI. This field on the Practice Location section requires a Type 2 NPI. (see Figure 42)

**FIGURE 42**

- If your response is ‘Yes’, this triggers another required field “Organization (Type 2) NPI” (see Figure 43). This field will not appear on the page if your response is No.
**Note:** All Type 2 NPIs will undergo a one-time validation. Validation failures will be displayed as a required fix.

**FIGURE 44**

The United States Postal Service standardized format has been applied to ensure your address is accurate and complete per USPS address standards. Please confirm that the Suggested Address is correct.

<table>

</tr>
</tbody>
</table>

You may see the following errors on the Required Fixes page:
This number could not be found in the NPI database. - This means that the Type 2 NPI that you have entered is an invalid one. Please review for any possible typo error.

This is not an Organization (Type 2) NPI. - You may have entered an Individual NPI on the Group/Organization NPI field. Please review the value that you have entered on the Group/Organization NPI field.

A warning message will be displayed advising you that previously entered data will be permanently removed from the system when you change the answer to a leading question (see Figure 45).

- A leading question is one that triggers different follow-on questions/responses depending on the response provided.
- When the answer to a leading question is changed, follow-on questions may disappear from the portal.
- Ensure no critical information will be deleted prior to selecting ‘Yes’ and saving the changes on this page. Otherwise, you will have to re-enter deleted information.

The subsections are listed below and may vary based on your practice state.

- General Information
  - Physician Group/Practice Name
    - Please enter the Practice Name as it appears on your claim submission so it will match the name for the location that is known to participating organizations with whom you contract. In most cases, this will not be the practitioner’s name. In some cases, this may be the name as it appears on the W9.
  - Address
    - CAQH requests that you enter the appropriate address for the actual physical location of your practice. Do NOT enter a P.O. Box as the practice
address. Please note that health plans intend to use this information for their directories.

- A recent change has been implemented on this section of your application. All addresses under the General Information tab of the Practice Location section of your application will undergo standardization. You will be asked to confirm whether the suggested address is correct. A similar page will appear on your screen as below.

**FIGURE 46**

Practice Location

The United States Postal Service standardized format has been applied to ensure your address is accurate and complete per USPS address standards. Please confirm that the Suggested Address is correct.

<table>
<thead>
<tr>
<th>Group/Practice Name</th>
<th>Original Address</th>
<th>Suggested Address</th>
<th>Action</th>
</tr>
</thead>
<tbody>
<tr>
<td>Smith Internal Medicine</td>
<td>875 10th St NE Washington, DC 20006</td>
<td>875 10TH ST NE WASHINGTON, DC 20002</td>
<td>Confirm</td>
</tr>
<tr>
<td>Smith Geriatrics</td>
<td>425 Massachusetts Washington, DC 20006</td>
<td>425 MASSACHUSETTS AVE NW WASHINGTON, DC 20001-2609</td>
<td>Confirm</td>
</tr>
</tbody>
</table>

- If the suggested address accurately reflects your address, click on “Confirm”. Per the USPS format, all addresses will appear **IN ALL CAPITAL LETTERS**. You will be directed to the same Correct Errors page. The Suggested Fix will be cleared and the Practice Location section will be automatically updated with the Suggested Address.
- If you do NOT want to accept the Suggested Address, select the radio button for the Original Address and click Confirm.

**FIGURE 47**

The United States Postal Service standardized format has been applied to ensure your address is accurate and complete per USPS address standards. Please confirm that the Suggested Address is correct.

<td>Confirm</td>
</tr>
</tbody>
</table>

○ If you click on the red ‘Confirm’ button, with the radio button selected for the Original Address, then a pop-up should display with the following message:
a. If your answer to question “Are you sure you want to ignore this suggestion?” is Yes, the Suggested Fix for this Practice Location General Address will be removed from the Correct Errors Page and no changes will be made to the Practice Location General Address in your profile.

b. If you selected No, the Suggested Fix for this Practice Location General Address should remain on the Correct Errors Page.

- If USPS could not find the address that you have entered on your practice location/s, you will be asked to either ‘Edit’ or ‘Ignore’. It is recommended to review your address to ensure it is accurate. If you notice an error, please select “Edit” to make the appropriate corrections.

- Other Limitation
Accessibility

- ADA Accessibility
  - The Americans with Disabilities Act (ADA) ensures access to the built environment for people with disabilities. The ADA Standards establish design requirements for the construction and alteration of facilities subject to the law. These enforceable standards apply to places of public accommodation, commercial facilities, and state and local government facilities.

- Handicapped Accessibility
- Public Transportation Accessibility
- Other Accessibility Services
- Disabled Accessibility

Services

- Services
  - Please use this section to indicate what services are provided at your practice location.
  - Clinical Laboratory Improvement Amendments (CLIA) - Diagnostic testing helps health care providers screen for or monitor specific diseases or conditions. It also helps assess patient health to make clinical decisions for patient care. The Clinical Laboratory Improvement Amendments (CLIA) regulate laboratory testing and require clinical laboratories to be certificated by their state as well as the Center for Medicare and Medicaid Services (CMS) before they can accept human samples for diagnostic testing. Laboratories can obtain multiple types of CLIA certificates, based on the kinds of diagnostic tests they conduct.

New!
For Providers whose Provider Type is either MD, DO, NP, or DMD with Inpatient/Outpatient or Outpatient Only as the Practice Setting, each active practice location (where you answered Yes to the question: Do you practice at this location?) should have a matching Primary Practice State or Practice State on the Personal Information section. There will be an error for each active practice location that does not have a matching Practice State.

FIGURE 53

  - If you add the Practice State to match the active Practice Location, and click "Save and Continue", you will be redirected to the Correct Errors Page and will no longer see the error.
• The Ignore hyperlink in the error is a hyperlink to the Ignore pop-up that already exists for Address Standardization. The pop-up should have the same functionality, i.e., if the user clicks the "Yes" button, the error is removed from the Correct Errors Page.
• You are required to either fix the error or click Ignore and then click "Yes" in the pop-up so that the error disappears on the Correct Errors Page, and you will be able to attest.

Hospital Affiliations

The new Hospital Affiliations section now requires you to:

• clarify admitting privileges status;
• explain why an admitting privilege is no longer active;
• declare admitting arrangements and non-admitting affiliations; and
• enter complete information for all hospitals you are affiliated with

Help text has been added to assist users in navigating the page.

FIGURE 55
The content of the self-help option has also been updated with commonly asked questions.

There are two required questions: “Do you have admitting privileges at one or more hospitals?” and “Do you have an admitting arrangement where another provider admits for you?” and one optional question: “Do you have any non-admitting hospital affiliations?”
The two required questions will appear on the Correct Errors page until you answer them.

**FIGURE 58**

- Required fields are indicated with a red asterisk. All other fields are optional.

Please enter any hospitals where you have current or pending admitting privileges, current or pending admitting arrangements, or a different non-admitting affiliation.

Please note: If your status is pending for any of the hospitals, please indicate the status as pending within the specific hospital record.

- Do you have admitting privileges at one or more hospitals?

Please indicate "Yes" if you can admit patients on an unrestricted, limited or temporary basis. This also includes hospitals where you have pending admitting privileges.

- Current Answer: Missing

- Do you have an admitting arrangement where another provider admits for you?

Please indicate "Yes" if you have an admitting arrangement where another provider or hospitalist group admits for you. This also includes hospitals where you have pending admitting arrangements.

- Current Answer: Missing

Do you have any non-admitting hospital affiliations?

Please indicate "Yes" if you are a member of the medical staff of a hospital, but you cannot admit. This may be called "courtesy" or "consulting" privileges at some hospitals. Please also enter in pending non-admitting hospital affiliations.

- Current Answer: Missing
Providers practicing in North Carolina will see an additional optional question which will be displayed below the “Do you have any non-admitting hospital affiliations?” question on the Hospital Affiliations Page.

**FIGURE 60**

Do you have any non-admitting hospital affiliations?

Please indicate "Yes" if you are a member of the medical staff of a hospital, but you cannot admit. This may be called "courtesy" or "consulting" privileges at some hospitals. Please also enter in pending non-admitting hospital affiliations.

Current Answer: Yes

Please explain any incident(s) in which you have involuntarily or voluntarily withdrawn your application for appointment, clinical privileges or reappointment before a decision was made by a hospital or healthcare facility's governing board.

Current Answer: Missing

![Edit Answers button]

If you need to edit an answer/s to any of these questions, you must click the “Edit Answers” button.

**FIGURE 61**

HOSPITAL AFFILIATIONS

* Required fields are indicated with a red asterisk. All other fields are optional.

Please enter any hospitals where you have current or pending admitting privileges, current or pending admitting arrangements, or a different non-admitting affiliation.

Please note: If your status is pending for any of the hospitals, please indicate the status as pending within the specific hospital record.

* Do you have admitting privileges at one or more hospitals?

Please indicate "Yes" if you can admit patients on an unrestricted, limited or temporary basis. This also includes hospitals where you have admitting privileges.

Current Answer: Missing

* Do you have an admitting arrangement where another provider admits for you?

Please indicate "Yes" if you have an admitting arrangement where another provider or hospitalist group admits for you. This also includes hospitals where you have pending admitting arrangements.

Current Answer: Missing

Do you have any non-admitting hospital affiliations?

Please indicate "Yes" if you are a member of the medical staff of a hospital, but you cannot admit. This may be called "courtesy" or "consulting" privileges at some hospitals. Please also enter in pending non-admitting hospital affiliations.

Current Answer: Missing

![Edit Answers button]
You will be directed to a page displaying the leading questions, the help text, and the editable Yes or No radio button. Click Save and Continue to save the answers.

If all the questions are answered No, a pop-up message will be displayed for you to confirm that there are no current or pending admitting privileges and no routine process for admitting patients.
If you click "Confirm", the pop-up will close, any changes to the answers will be saved and the system will be re-directed back to the Hospital Affiliations Page where the answers are reflected.

Clicking "Cancel" will close the pop-up and you will remain on the Edit Answers Page. The data on the page will not be saved.

If you click the "X" button at the top corner of the pop-up, the pop-up will close, you will remain on the Edit Answers Page, and the data on the page will not be saved.
If your practice setting is *Inpatient Only* and you answered *No* to “*Do you have admitting privileges at one or more hospitals?*” AND “*Do you have an admitting arrangement where another provider admits for you?*” AND “*Do you have any non-admitting hospital affiliations?*”, an error will be displayed on the Required Fixes page.

**FIGURE 65**

This is how the error will appear on the Hospital Affiliations page.

**FIGURE 66**
CAQH ProView will create a block in the Manage Hospital Affiliations section with a red “Add” button on the right for questions that were answered Yes. You will be required to enter at least one admitting privilege record and/or at least one admitting arrangement record.

**FIGURE 67**

![Hospital Affiliations](image)

You can attest without a Non-Admitting Affiliation record even if the question “Do you have any non-admitting hospital affiliations?” is answered Yes. This is an optional question.
Admitting Privileges

To add an admitting privilege record for the first time, click the “Add button” beside the statement “Please enter at least one Admitting Privilege Record.” You will be directed to a page where details of an admitting privilege record can be entered. Required fields are indicated with a red asterisk. All other fields are optional.
The contents of the self-help option for the Admitting Privilege records page have also been updated to answer the commonly asked questions.

**FIGURE 69**

Admitting Privilege Record

- Required fields are indicated with a red asterisk. All other fields are optional.

Please enter the details of your Admitting Privilege Record. An admitting privilege means that you have unrestricted, limited or temporary basis.

- State
  - Select--
  - Country
    - United States

- Hospital Name
  - Select--

- Other (Not Listed)

- Street 1

- Street 2

- City

- Zip Code

- Phone Number

- Fax Number

- What is the Admitting Privilege Status?
  
  Your Admitting Privilege Status is Active if you currently have privileges at this hospital. Your Admitting Privilege Status is Inactive if you previously had privileges, but no longer have privileges at this hospital. Your Admitting Privilege Status is Pending if you have applied for privileges, but have not yet been granted privileges at this hospital.

- What is the Admitting Privilege Type?
  
  Your Admitting Privilege Type is Full and unrestricted if you do not have any limitations on number of patients you can admit, or on the frequency of admits. Your Admitting Privilege Type is Temporary if you currently have unrestricted privileges to admit patients, but the privileges are only valid until a certain date. Your Admitting Privilege Type is Limited if you can only admit under certain circumstances or for certain conditions.

- What if I don’t know the exact percentage of my admissions per hospital?
  
  Exact percentages are not required. It is sufficient to estimate the percentages, provided your responses do not add up to more or less than 100%.
Admitting Arrangements

To add an admitting arrangement record for the first time, click the “Add button” beside the statement “Please enter at least one Admitting Arrangement Record.” You will be directed to a page where details of an admitting arrangement record can be entered. Required fields are indicated with a red asterisk. All other fields are optional.

![Admitting Arrangement Record Form](image-url)
The contents of the self-help option for the Admitting Arrangement records page have also been updated to answer the commonly asked questions.
Non-Admitting Affiliations

To add a non-admitting affiliation record for the first time, click the “Add button” beside the statement “Please enter a Non-Admitting Affiliation Record.” You will be directed to a page where details of a non-admitting affiliation record can be entered. Required fields are indicated with a red asterisk. All other fields are optional.

FIGURE 72
The contents of the self-help option for the Non-admitting Affiliation records page have also been updated to answer the commonly asked questions.
A consolidated list of all the Hospital Affiliation records will be displayed in a summary table.

**FIGURE 74**

![Manage Hospital Affiliations](image)

All admitting privilege records with “Is this your primary hospital?” = Yes are marked with a backwards chevron with the white text “Primary Hospital” on the far right.

**FIGURE 75**

![Manage Hospital Affiliations](image)
Within each record in the summary table is a red “Delete” button which when clicked, will display the Delete pop-up message.

**FIGURE 76**

If the Provider wishes to add more admitting privileges, admitting arrangements, and/or non-admitting affiliation records this can be accomplished by scrolling to the bottom of the page and selecting the type of record to be entered and clicking "Add".

**FIGURE 77**
Note: These options will only appear if the Provider answered Yes to the leading questions “Do you have admitting privileges at one or more hospitals?” and “Do you have an admitting arrangement where another provider admits for you?” and “Do you have any non-admitting hospital affiliations?”

Tips:
- If you need assistance, you can access the “?” link that is displayed on the right hand side of the screens.
- Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
- It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.
- Select “Add” to enter information for a hospital affiliation.
- Select “Edit” to edit the information within a hospital affiliation record.
- Select “Delete” to remove a hospital affiliation from your application. Please note that by selecting “Delete”, all information entered for that hospital affiliation will be deleted.
- If the “Import” button is active, information already entered by a practice manager is available for you to view and import if you choose to do so.
- A warning message will be displayed advising you that previously entered data will be permanently removed from the system when you change the answer to a leading question (see Figure 56).
- A leading question is one that triggers different follow-on questions/responses depending on the response provided.
- When the answer to a leading question is changed, follow-on questions may disappear from the portal.
- Ensure no critical information will be deleted prior to selecting ‘Yes’ and saving the changes on this page. Otherwise, you will have to re-enter deleted information.

FIGURE 78
**Credentialing Contact**
The Credentialing Contact section (see Figure 79) asks for specific contact information for your credentialing contacts.

- You may provide multiple credentialing contacts based on their location by first indicating the “Location Type”, e.g. practice location or hospital affiliation, and then by selecting from a drop-down list of your previously entered practices or hospitals.
- You may also indicate the same credentialing contact for multiple locations by selecting the appropriate locations from the drop-down menu in the “Location” field.

**FIGURE 79**

Tips:
- If you need assistance, you can access the “?” link that is displayed on the right hand side of the screens.
- Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
- It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.
- Select “Add” to enter information for a credentialing contact.
- If the “Import” button is active, information already entered by a practice manager is available for you to view and import if you choose to do so.
Professional Liability Insurance

CAQH is changing the Professional Liability Insurance (PLI) page to make it easier for you to manage your PLI records and to ensure you are providing the necessary information for credentialing.

Previously, CAQH ProView Providers who answered “Yes” to the “Self Insured?” question could skip all required fields and were not required to upload any supporting documentation. This resulted in incomplete applications for many providers who should have been submitting PLI information. To address this issue, the following changes have been made to the Professional Liability Insurance section of the Provider application.

A new leading question has been added to the PLI section of your application: “Are you covered under a professional liability insurance policy?”

FIGURE 80

![FIGURE 80](image-url)
If you answered “Yes” to this question, you will be prompted with a message that says:
"You answered Yes to, "Are you covered under a professional liability insurance policy?". Please click the Save button below to save your answer." If you click the “Save” button, it will save the “Yes” answer. You will be required to enter at least one Professional Liability Insurance record. Click “Add” to enter the details.
When adding a Professional Liability Insurance record, you are required to fill in the following fields:

- **Policy Number**
- **Current Effective Date** – The Current Effective Date must not be greater than the Current Expiration Date. Otherwise, an error will appear on the Required Fixes page.
FIGURE 83

Correct Errors
Proview has identified items in your profile that need attention. You must address these items before you attest.

TERMS OF SERVICE

PROJECT CAQH.ORG
© 2015 CAQH. All rights reserved.

71 | Page
After you have entered all the required details, click “Save & Continue” found at the bottom of the page. A consolidated preview list of all the Provider’s insurance policy records will be displayed on the page.

If your answer to the leading question is "No", you will see the pop up box with a "Save" and "Cancel" button that says "Please confirm that you do not carry professional liability insurance coverage. Absence of insurance coverage may require additional follow-up from your contracted organizations and may delay credentialing decisions."
Clicking the “Save” button will save the “No” selection to the leading question "Are you covered under a professional liability insurance policy?" If you have PLI records previously entered into CAQH ProView, these records will show on the lower portion of the PLI landing page.
Note: You are required to upload a confirmation letter on your professional letterhead stating lack of coverage or providing further explanation. Please navigate to the Documents page to do so. This document will appear as missing and required on the Documents section of your application.

Renewing an Expired PLI Record:

- A “Renew” function has been added that will make it easier for you to update your policy information each year.

IMPORTANT: Renew an expired policy record for you to be able to upload a copy of the renewed policy. If you plan to send the renewed PLI document through e-mail or US mail, it is critical that you first renew the PLI record in the portal. Otherwise, your document will be rejected and you will be asked to re-upload it in the portal using the document slot for the renewed PLI record.

- When renewing an expired policy with an associated document in "Received", "Approved", or "Expired" status, the “Edit” option will not work. Instead, click on the “Renew” button for the applicable policy and you will be prompted to enter an updated Effective Date and Expiration Date. You will also be prompted to upload an updated Insurance Face Sheet or Certificate of Insurance for the renewed policy. A missing PLI document will appear on the Documents section for the renewed policy.
FIGURE 88

PROFESSIONAL LIABILITY INSURANCE

Please enter your current carrier information. A Professional Liability Insurance Face Sheet or Certificate of Insurance will be required for each current policy that is entered.

- It is recommended to enter 10 years of insurance information to avoid additional follow-up from your authorized organizations. Some states and credentialing organizations may have different requirements for this section.
- If you have held coverage with your current carrier for less than 10 years, enter previous carrier(s) information. Documents from previous insurance carriers do not need to be uploaded into CAQH ProView.
- Please update this section to remove historical carrier information that is greater than 10 years. It is not necessary to include information greater than 10 years.
- If you do not carry professional liability insurance, you will be required to submit a confirmation letter stating lack of coverage or providing further explanation.

Manage Professional Liability Insurance

- Are you covered under a professional liability insurance policy?
  - Yes
  - No

Add all relevant professional liability insurance records

- Add

Your policies are listed below in order of Current Expiration Date.

- If you answered Yes to, “Are you covered under a professional liability insurance policy?”, you must maintain at least one current policy record (with a Current Expiration Date in the future).
- When a Current Expiration Date appears in red, that policy has expired. Click “Renew” to create an updated record with a new Current Effective Date and Current Expiration Date.
- Only delete a policy record if it was entered in error or if it expired more than 10 years ago.

Policy Number: CD920328
Carrier: Acceptance Insurance Co
Current Effective Date: 9/3/2013
Current Expiration Date: 9/3/2016

- Renew
- Edit
- Delete

Save and Go Back | Save | Save & Continue
a. If you click the “Renew” button, you will be directed to a page where you need to enter the “Current Effective Date” and “Current Expiration Date” of your renewed insurance policy.

![FIGURE 89](image_url)

Note:

- The Current Effective Date should **NOT** be greater than the Current Expiration Date. Otherwise, it will appear on the required fixes page.
b. Review the other details found on the page. Click Save and Continue after making the changes.
Other Changes on the PLI section:

- You will also notice that the “Save and Go Back” and “Save” buttons previously found at the bottom of the page have been removed. A button for “Cancel” has been added and this works similar to the “Back to List” button found at the top of the page. Clicking the “Cancel” button will not save the changes made and will take you back to the PLI landing page.

FIGURE 91
Changes to PLI Documents/Letter of Self-Insurance:

- The policy number will be added in the Document Name column next to the document name "Professional Liability Insurance". Example - Professional Liability Insurance - PL13483N.
- You will not see the "Replace" document action for any Professional Liability Insurance document type with a status of "Approved" or "Expired".
- You will only see the “Delete” action on Professional Liability Insurance documents with an “Expired” status.
- If you are self-insured, you will no longer see the Document Name "Letter of Self Insurance" from the document dropdown list but you will now see the Document Name "Letter of Self Insurance/Explanation of No Insurance".
- You will not see a document showing as “Missing” for any associated data record that has a “Current Expiration Date” that is prior to today’s date.
- All "Professional Liability Insurance" documents with a status of "Expired" will appear as "Optional" if at least one PLI document exists for a current PLI record with a status of "Missing", "Received", "Approved", or "Failed".
- ‘Help’ text has been added to the screen to assist you with the data entry process.

FIGURE 92
The ‘self-insured’ question and answer will continue to show in the portal but on the Professional Liability Insurance Record screen, right below the question “Individual Coverage?” for Providers practicing in CAQH States, Oklahoma, and Texas (NOT Colorado, Georgia, Massachusetts, Minnesota, North Carolina, Mississippi, Nevada, Oregon, Washington, and West Virginia).

**FIGURE 93**

- If you have previously answered the “Self-Insured” question, your answer should remain for that self-insured question.
- When you log in to your account after these changes have been implemented and navigate to the Professional Liability Insurance section, you will see a new leading question “Are you covered under a professional liability insurance policy?”
If you previously answered "Yes" to "Self-Insured?", neither the "Yes" nor "No" button is selected for "Are you covered under a professional liability insurance policy?" when you log in to your account after this change has been implemented.

If you previously answered "No" to "Self-Insured?", the "Yes" answer to "Are you covered under a professional liability insurance policy?" will be populated when you log in to your account after this change.
Employment Information

The Employment Information section (see Figure 95) asks for information regarding your employment history, including your current and previous work information, any work history gaps, and any military employment information.

**FIGURE 95**

Current Work Information

- **Current Employer?**
  - Yes
  - No

- **Practice/Employer Name**
  - Cumberland Hospital

- **Department**

- **Street 1**
  - 9407 Cumberland Rd.

- **Street 2**

- **City**
  - New Kent

- **State**
  - VA

- **Province**
  - 

- **Zip Code**
  - 23124

- **Country**
  - United States

- **Phone Number**
  - 804-966-1693

- **Phone Extension**

- **Fax Number**
  - 804-966-5639

**Tips:**

- If you need assistance, you can access the “?” link that is displayed on the right hand side of the screens.
- Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
- It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.
- Select “Add” to enter an employer and the related information.
- If the “Import” button is active, information already entered by a practice manager is available for you to view and import if you choose to do so.
• If you have not yet started work at a location, enter your expected start date in the Start Date field.
• In general, a gap is any break in continuous, full-time employment longer than 3 months. However, some state specific applications may have different requirements.
• Some organizations may require a full work history beginning with your professional degree and the reporting of all gaps in work history. Check with your credentialing organization.
• Instructions such as what details to include on the Employment Information section, how to handle employment gaps, and any other work history-related details have been added to the page (see Figure 96).
• You are required to enter at least one Employment Information Record on the profile. To do this, click ‘Add’ button under Manage Employment Information.

![FIGURE 96](image)

• Once you have added employment information to your profile, a preview of the record will be displayed on the page with the following details: Practice/Employer Name, State Date, End Date. If you have more than one employment record, only the previous one/s will have the end date. Your current employment record will be indicated with ‘Current Employment’. (see Figure 97)

• If there are any employment gap records, CAQH ProView will display a message ‘Gap in Employment: Please enter a reason for the gap.’ The start and end date of the gap will also be indicated. You are required to fill in all Employment Gaps before attestation.
A separate screen will display the different fields for Employment Information Record and Employment Gap Record when you click the ‘Add’ button under Manage Employment Information. (see Figure 98)
A pop-up message will be displayed when a user enters more than one Current Employment Record. (see Figure 99)
The screens shown below will be displayed when you click “Add” for a gap in employment.
Professional References
The Professional References section (see Figure 102) asks for information regarding your references and their related contact information.

FIGURE 102

Tips:
- If you need assistance, you can access the “?” link that is displayed on the right hand side of the screens.
- Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
- It is important to click on the “Save” button or the “Save & Continue” button to save your information. If you close the browser or move to another screen via the left hand navigation screen without clicking “Save” or “Save & Continue”, you will lose your information. Clicking on the back and forward arrows will not save your information either.
- Select “Add” to enter a professional reference and the related information.
**Disclosure**

The Disclosure section (see Figure 103) includes all disclosure questions required for your practice states, including any state specific disclosure questions as well as a disclosure of ownership section. Please answer the questions accordingly.

**Note:** To include your disclosure of ownership answers in a PDF version of your data profile, you will need to download, print, sign and then upload the signed copy to CAQH ProView. This document will be available for download via the Documents screen.

---

**FIGURE 103**

![Disclosure Section](image)
Authorize
The Authorize section (see Figure 104) allows you to indicate which healthcare organizations you would like to authorize release of your profile information.

**FIGURE 104**

Review the information provided on the screen, select the applicable authorization and agree to the authorization release accordingly.

- You have the ability to indicate a “global” authorization, which allows access to your data profile to all healthcare organizations that indicate to CAQH that you are an affiliated provider or are in the process of becoming an affiliated provider.
- You also have the ability to individually select organizations to allow access to your data profile by selecting “Only the healthcare organizations that indicate I am an affiliated provider or am in the process of becoming an affiliated provider, and I specify below”.
- In the “Other Organizations Authorization” section, you have the option to release a more limited set of your data profile to healthcare organizations that you are not affiliated with.
  - Organizations need data for providers who are not affiliated or participating in their network in order to pay out-of-network claims. For example, if a health plan would like to verify a non-participating provider’s address before they submit payment for the claim.
  - In the “Other Organization Authorization” section, you have the option to either grant global authorization to all health plans who indicate you are not affiliated or to select the individual plans who have indicated you are not affiliated. By selecting the latter option, you will be able to view which health plans have asked to view a limited set of your data and can grant access via line item authorization. **If preferred, you do not need to authorize any organizations that you are not affiliated with.**

- If you are interested in participating with additional health plans, you need to contact each health plan directly. Once you are added to the health plan’s CAQH provider roster, the health plan will be listed on this authorization screen.
Update Authorization
You can change or update your authorization selection at any time. Simply log into CAQH ProView and select “Authorize” (see Figure 105) from the top right navigation drop-down menu to make your change. Click “Save” for your changes to be effective.
CHAPTER 5: Review Your Data

Once you have completed your data profile, select “Review” from the top navigation bar (see Figure 106).

On the Review screen (see Figure 107), there are four areas you can access to review your data.

1. **View Errors** – Click here to address any errors you need to fix within your data profile.
2. **View Documents** – Click here to see all supporting documents uploaded into your data profile, and any missing documents needed to complete your profile.
3. **View/Print Summary** – Click here to view a PDF summary of your data profile.
4. **View/Print Replica** – Click here to generate a replica of any state specific application applicable to your practice state(s).
Correct Errors
The “Correct Errors” screen (see Figure 108) will highlight any required or suggested fixes you may need to make to your data profile.

Tips:
- When you click on a required or suggested fix, the system will direct you back to the applicable section to make the required changes.
- It is recommended that you also correct any suggested fixes to ensure your data profile is as complete and as accurate as possible for health plans accessing your data.

CAQH ProView validates that the identification numbers you entered for DEA, NPI and TIN match the provider name associated with that identification number. If applicable, you will be notified in the Suggested Fix section that the number you entered does not belong to your provider name (See Figure 109). You can choose to click on “Change” to correct this error or “Ignore” to keep the data you entered the same. This step is optional, but CAQH strongly suggests you review any suggested fixes to ensure your data profile is accurate.
View Documents

This section (see Figure 110) shows the information you uploaded in the portal and any missing documents needed to finalize your application. This screen can also be accessed by clicking on “Documents” from the top navigation bar. Refer to Chapter 6 – Uploading Supporting Documentation from more information.

FIGURE 110

View/Print Summary
Once you have reviewed your documents, click on “View/Print Summary” from the “Review” screen (see Figure 111) to view a PDF summary of your application and validate that the information entered is correct. Double-click the image to view your application and to enable the “Save” and “Print” features.

View/Print Replica
You can click on “View/Print Replica” from the “Review Screen” (see Figure 111) to generate the CAQH standard form, or if applicable a state specific form, of your information. Select a state for which you want the report generated, select the “Include Supporting Documentation” checkbox if applicable, and double-click the image to view your state replica. You have the option to print your application if desired. Note: the report will open in a PDF format. If you do not have Adobe Acrobat 4.0 or higher installed, select the link at the bottom of the section to install it.
FIGURE 111

Review

Use this page to identify information that is incorrect or missing from your application. When your application is complete and free of errors, click Attest.

Application Data
- The system identified errors in your application.
  - 0 required fixes
  - 2 suggested fixes

Supporting Documents
- 0 missing documents
- 0 expired documents

Data Summary
- View all of the data that you entered on one page.

State Replica
- Download a state-specific application replica in PDF.
  - Select your state:
  - Include Supporting Documentation

View/Print Replica
- The Report will open in Adobe Acrobat PDF format. If you do not have Adobe Acrobat 5.0 or higher installed, please click here to install it.
CHAPTER 6: Uploading Supporting Documentation

Uploading Documents
To complete your data profile, you will need to upload into CAQH ProView any applicable supporting documents. CAQH ProView does not support faxing of supporting documents.

Here are the steps on uploading supporting documents on the Documents section:

1. Scan and save your document (if needed). Please make sure the document is in PDF, TIF, JPG or JPEG format for it to be accepted into the system.
2. Log in to CAQH ProView using your username and password.
3. Click the Documents link on the top navigation menu to go the Documents section. Any missing documents will be shown on this page (see Figure 112).
4. Be sure to select the appropriate document name or document type when uploading documents. Each document must to be uploaded separately.

5. Click “Upload”. Click “Browse” to select a file for upload. Then, click “Upload”.
6. Your uploaded documents can be viewed on the “List of Documents” found on the upper portion of the same page.
7. Recently uploaded documents will show as “Received.” Once the document is reviewed by CAQH and accepted, the status will change to “Approved”. All documents may be viewed regardless of the status.

8. You will have to click the document name link to be able to view the document. You may also “Replace” an existing document, or to “Delete” a document if necessary.

Here are examples of supporting documents you may need to submit for your application:

- Drug Enforcement Administration (DEA) Certificate
- Controlled and Dangerous Substances (CDS) Certificate
- State medical license(s)
- Malpractice insurance policy face sheet

**Authorization, Attestation, and Release Form (AAR Form)**

When you initially complete your data profile and attestation, a signed Release form is required for your data profile to be complete.

To submit a Release form, you need to perform the following steps:

1. The Authorization, Attestation, and Release (AAR) Form applicable to your practice state is displayed in the Documents section. The AAR will appear as “missing” if one is not presently attached to your profile.
2. Sign the form and indicate the date it was signed. **Note:** The signature on the initial AAR form should be a wet signature. Stamped or electronic signatures will NOT be accepted.
3. Signed AAR form must be submitted within 120 days from the signature date. If the AAR form’s signature date is greater than 120 days, it will NOT be accepted by CAQH.
4. Upload the form to CAQH ProView.
Failed Documents
CAQH will review all submitted supporting documents for accuracy within approximately 48 hours upon submission. A document may fail for the following reasons:

1. **Illegible** – the document is not clear enough to be read.

2. **Not compliant** – the document may be missing a date, may be missing a signature, or more than one document may have been included within the same file.

3. **Ineligible** – the document submitted may have an expired date or does not correspond to the document type selected. For example, if you upload a license to a “Professional Liability Insurance” document type, the document will fail. You will need to upload the license using the “State License” document type.

**Note:** Signed supporting documents must be submitted within 120 days of the signature date. If a supporting document’s signature date is greater than 120 days, it will not be accepted by CAQH ProView.

North Carolina Providers

CAQH ProView requires different North Carolina State Release forms for each authorized Participating Organization.

- If you have authorized individual organizations, you are required to upload a North Carolina State Release form for every health organization that you have authorized.
- If you have selected global authorization, which authorizes any organization who adds you to their roster, a North Carolina State Release form is required for every health organization that has added you to their roster.
If you are new to CAQH ProView and practice in North Carolina, you will be required to upload a separate, specific State Release form for each organization you have authorized. You must download the specific form, sign it, and upload it in CAQH ProView (see Figure 116).

If you have initially attested and have already uploaded at least one State Release form, your existing releases will remain in the documents section. However, you will see new slots for “missing” State Release forms. There will be one missing slot for each organization you have authorized.

Click the ‘Download’ button corresponding to each of the missing State Release forms. The number of North Carolina State Release forms available for download depends on the number of POs who have added you to their roster or the POs you have individually authorized. These State Release forms will be pre-populated with the PO name.

Sign the State Release forms, indicate the date the forms were signed, and upload in the CAQH ProView Documents section by clicking the ‘Upload’ button corresponding to each of the missing documents.

The ‘Missing’ status will disappear after you have uploaded these documents.

Documents that require “Download” will have a status of “Missing” until a document is uploaded in that slot.
• State Release forms will be pre-populated with the names of authorized health organizations and will be available for download from the Documents section (see Figure 117).

![Attestation Statement](image)

FIGURE 117

• If the Document Type is CAQH AAR, the page will not show the actions links for Replace or Download for that document if the status is Approved.
• You are required to upload ALL State Release forms even though the portal shows the remaining releases as optional (only one State Release form is marked with a red asterisk).
CHAPTER 7: Importing Data from the Practice Manager Module

If your practice has an office manager or clinic administrator who assists with gathering information for credentialing or other administrative purposes for multiple providers, the CAQH ProView Practice Manager Module may facilitate your data entry process. Data that is the same for multiple providers (e.g., clinic name, address and phone number) can be entered once by a practice manager, rather than having to be entered repeatedly for each individual provider.

Once a practice manager enters this information for you into the CAQH ProView Practice Manager Module, the practice manager will “export” the data, i.e. transfer the data, to your data profile. You will have the option to view this data and choose to import the data if you desire.

The sections that a practice manager can export to you include:

1. Personal information
2. Professional IDs
3. Education
4. Professional training
5. Specialty
6. Credentialing contact
7. Practice location
8. Hospital affiliations
9. Professional liability insurance

At the top of each of these sections, you will see an “Import” button (see Figure 118 below). If there is data available to you to import into your data profile, this “Import” button will be active and available for you to select to review the data that was entered for you by a practice manager. You can either choose to import the data as a new set of information or replace an existing set of data within the applicable section.
Drag & Drop Functionality
When you click on “Import”, the “Select Information to Import” screen will present. You will use a “drag & drop” functionality to import your data. Drag and drop is a pointing device gesture in which you can select the data to be imported by “grabbing” it and dragging it into your data profile. Here is an example of professional liability information entered by a practice manager that is available for import (see Figure 119).

To add information to your data profile, click on the box containing the information and drag the box from the right to the left side of the screen.

- By hovering the box over information you already have in your data profile on the right side, you can overwrite and replace the information. The system will confirm that this is what you would like to do.
- You can click on “Reject” if you do not wish to import the data into your data profile.
CHAPTER 8: Completing Your Attestation

Attesting
Submitting your attestation is required to complete your data profile. This step allows you to make a final review of your information and to attest to its accuracy. Click on “Attest” from the top navigation bar to begin the process (see Figure 120).

FIGURE 120

1. The following screen will display (see Figure 121). Select “Review” to display a summary of the data you entered.

FIGURE 121

ATTESTATION
The next step is for you to make a final review of your information and attest to its accuracy. Follow these steps:

Step 1
REVIEW DATA SUMMARY
Click Review to display and review a summary of the data you entered. A new window will open. You may print your summary from the menu bar of this window as desired. If you need to make a change, close the summary window and return to the Answer tab to make your changes.

Step 2
VERIFY REVIEW
Click Review Complete to verify that you have reviewed and corrected your data. Once you verify that your review is complete, an Attestation button will appear.

Step 3
ATTESTATION
Click Attest to certify that you have carefully reviewed all information contained within your CAQH ProView Profile and that all information provided by you in the profile is true, correct and complete to the best of your knowledge. You also acknowledge that your CAQH ProView Profile will not be considered complete until supporting documentation and properly executed authorizations, Attestation and Release Form is fulfilled. Once you attest, you can go to the Documents page to upload your supporting documents.
On the Review screen (see Figure 122), you can view if any required fixes or supporting documents need attention.

**Note:** If the PLI and/or State License have expired, you will be prompted to update the expiration date and other relevant details on your profile before you can attest. Once these steps are complete you will be able to attest.

2. Select “Review Complete” to verify that you have reviewed your application information.
3. Select “Attest” to certify that you have carefully reviewed all information contained within your CAQH Application and that all information provided by you in the application is true, correct and complete to the best of your knowledge. By doing so, you also acknowledge that your CAQH Application will not be considered complete until supporting documentation and a signed Authorization, Attestation and Release Form are submitted.
4. Once you select “Attest”, you will need to select “Attest” on the Attest Terms pop-up window for the attestation to be processed (see Figure 123).
The “Attestation Completed” screen will then display (see Figure 124).

Re-Attesting
Re-attestation is required every 120 days (180 days for Illinois providers) in CAQH ProView to ensure your data is maintained and accurate for health plan use. To complete your re-attestation follow these steps:

1. If you have updates to make to your data profile, click on “Profile Data” from the top navigation bar and then the applicable section to update any necessary information in your data profile.
2. If you need to upload any updated supporting documentation, click on “Documents” from the top navigation bar to upload your documentation.
3. Once you have updated any applicable information or supporting documentation, click on “Attest” from the top navigation bar to begin the re-attestation process (see Figure 125).
4. Select “Review” to display a summary of the data you entered (see Figure 126).

**FIGURE 126**

On the Review screen (see Figure 127), you can view if any required fixes or supporting documents need attention.

**Note:** If the PLI and/or State License have expired, you will be prompted to update the expiration date and other relevant details on your profile before you can attest. Once these steps are complete you will be able to attest.

**FIGURE 127**

5. Select “Review Complete” once you verify that you have reviewed your application information.
6. Select “Attest” to certify that you have carefully reviewed all information contained within your CAQH Application and that all information provided by you in the application is true, correct and complete to the best of your knowledge.

7. Once you select “Attest”, you will need to select “Attest” on the Attest Terms pop-up window for the attestation to be processed (see Figure 128).

The “Attestation Completed” screen will then display (see Figure 129).
A confirmation will be sent via email to you within approximately 48 hours after all documents have been received and approved.

**Re-attestation Reminder Emails**

Re-attestation is required every 120 days (180 days for Illinois providers) in CAQH ProView to ensure your data is maintained and accurate for health plan use. CAQH Proview will email you to remind you when you are due for re-attestation. System automated generated emails will be sent to your primary method of contact email, and if on file the PMOC CC1 and PMOC CC2, at the following intervals (message frequency and timing differs for Illinois providers):

1. 15 days prior to expiration
2. 10 days prior to expiration
3. 5 days prior to expiration

If no re-attestation has occurred, a provider will be put in “Expired” status on the day after the re-attestation was due. Providers in expired status will receive the following notices:

1. Day after provider is placed in expired status
2. 14 days after expired
3. 28 days after expired
4. 42 days after expired – final notice

Verify your primary method of contact email on the Personal Information section. It is important to keep this email accurate and current so that you receive these important messages. You also can enter two additional email addresses in this same section (PMOC CC1 and PMOC CC2) that will be copied on the system generated messages.
## APPENDIX

### Provider Status

Provider statuses are defined below and are system populated or manually changed by the CAQH ProView Support Center based on the status of your data profile:

<table>
<thead>
<tr>
<th>Status</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>New Provider</td>
<td>Provider has been entered into system but has not been sent a registration kit.</td>
</tr>
<tr>
<td>Initial Outreach</td>
<td>Provider has been sent outreach but has not yet registered.</td>
</tr>
<tr>
<td>Return Mail</td>
<td>Registration kit mailing is returned from USPS due to poor mailing address, provider no longer at the address, etc.</td>
</tr>
<tr>
<td>Undeliverable</td>
<td>Unable to outreach to provider due to lack of valid information. For example, invalid email address.</td>
</tr>
<tr>
<td>Alternate Outreach</td>
<td>Provider has been messaged at a secondary location after attempts are made to primary office location.</td>
</tr>
<tr>
<td>First Provider Contact</td>
<td>Provider has called or logged into CAQH ProView.</td>
</tr>
<tr>
<td>Profile Problem</td>
<td>Problem letter (email) outstanding. Also may be referenced as “Application Problem”.</td>
</tr>
<tr>
<td>Profile Data Submitted</td>
<td>Provider has progressed through CAQH ProView and &quot;attested&quot;. Still waiting for supporting documents. Also may be referenced as “Application Data Submitted”.</td>
</tr>
<tr>
<td>Initial Profile Complete</td>
<td>Information has been attested to and supporting documents received. Also may be referenced as “Initial Application Complete”.</td>
</tr>
<tr>
<td>Re-Attestation</td>
<td>After the provider has reached initial application complete, and the provider is keeping information current and &quot;attesting&quot;.</td>
</tr>
<tr>
<td>Expired Attestation</td>
<td>After attestation is greater than 120 days old.</td>
</tr>
<tr>
<td>Opt out</td>
<td>Provider has asked to be removed from the CAQH database.</td>
</tr>
<tr>
<td>Provider Retired</td>
<td>Support Center is contacted that provider has retired from practice.</td>
</tr>
<tr>
<td>Provider Deceased</td>
<td>Support Center is notified that provider is deceased.</td>
</tr>
</tbody>
</table>

## Revision Log

<table>
<thead>
<tr>
<th>Version</th>
<th>Updates</th>
</tr>
</thead>
<tbody>
<tr>
<td>Version 1</td>
<td>Original</td>
</tr>
</tbody>
</table>
| Version 1.1 | - Updated *System Security* section.  
- Updated *Chapter 5 – Review Your Data* to reflect current print screens of Review tab  
- Updated *Chapter 8 – Completing Your Attestation* to reflect current print screens of Attest tab  
- Updated *Appendix – Provider Status* table to reflect accurate names for provider status, specifically “Application Problem”, “Application Data Submitted”, and “Initial Application Complete”. |
| Version 2 | - Updated *System Security* section  
- Updated *Chapter 6 – Uploading Supporting Documentation*. Added information regarding failed supporting documents.  
- Updated *Chapter 8 – Completing Your Attestation*. Added information regarding when re-attestation reminder emails are distributed.  
- Updated sections within *Chapter 4 – Completing Your Profile Information*.  
  o Clarified that the Disclosure of Ownership questions must be downloaded, signed, and uploaded in order for organizations to access information in replica applications.  
  o Clarified that primary email and PMOC CC1 and PMOC CC2 are the emails that are sent the automated system generated emails.  
  o Added additional information regarding authorizing organizations with which a provider does not participate.  
- Added reference to “Save” button - users can click on the “Save” button to save their information entered on a screen. |
| Version 3 | - Updated screenshots for all pages/sections to show enhancements on CAQH ProView  
- Added details on uploading supporting documents  
- Added details on uploading North Carolina State Release forms  
- Added some screenshots on the Documents section  
- Added a section for the Progress Bar  
- Updated the names of some of the buttons and links |
| Version 4 | - Added a note on page 43 that states: *The signature on the initial AAR form should be a wet signature. Stamped or electronic signatures will NOT be accepted.*  
- Added some more details about Activity Log on page 14.  
- Added a note that ALL documents may now be viewed regardless of the status. |
<table>
<thead>
<tr>
<th>Version</th>
<th>Updates</th>
</tr>
</thead>
<tbody>
<tr>
<td>Version 5</td>
<td>• Updated the following pages to add some more tips and instructions: Professional IDs, Education, Specialties, Practice Locations, Hospital Affiliations, Employment Information</td>
</tr>
<tr>
<td>Version 6</td>
<td>• Updated the following pages: Uploading documents (AAR documents), Practice Locations Address Standardization, Professional Liability Insurance</td>
</tr>
</tbody>
</table>
| Version 7 | • Updated Personal Information and Practice Location section to add details about NPI validation  
              • Updated Practice Location to add details about validating all practice location addresses |
| Version 8 | • Updated Practice Location with the recent changes                     |
| Version 9 | • Updated Chapter 3 (Homepage) and Chapter 4 (Practice Locations section) |
| Version 10| • Updated Practice Location, Personal Information, and Re-attestation section to incorporate recent changes in the system |
| Version 11| • Updated Hospital Affiliations section                                 |
